

## Building Your Entrance Portfolio

As a policy the Graphic Design faculty do not meet one on one with students to discuss or view their portfolio. We view all of the portfolios and feel meeting with individual students could give someone an unfair advantage. We hold an Information Session each quarter during the 5<sup>th</sup> week of the quarter.

Here are some links we think may help with your portfolio building. These are just resources with suggestions. You could also reach out to Design professionals and ask for a short 15-minute review of your portfolio.
